TURNAROUND

As the person responsible for purchasing office furniture and equipment, you have to evaluate your choices using the above criteria. And as a fast-growing supplier, we know just how difficult it is to find furniture that satisfies all of your needs. Here at New Life Office, we offer discerning purchasers an alternative: top-of-the-line, previously owned office furnishings, painstakingly refurbished to look virtually new, available at prices as low as 70% off comparable new product.

Time Isn't Just Money- It's Everything

There's an old business saying you may have heard: "High quality, fast turnaround, and low price: choose any two." Since 1990, New Life Office has proven that you can have all three.

Used Isn't What It Used To Be

We understand that today's professionals demand furnishings that function effectively and reflect their commitment to excellence. New Life Office takes a simple, cost effective approach to exceeding your expectations.

We start with lightly used, modular and free standing work area equipment made by top manufacturers. Then we carefully restore each piece, tightening and re-aligning when necessary, polishing and painting, until we achieve a near-factory condition. (Visitors to our showroom often mistake our restored workstations for new.)
